

Let's not let this be my
dad's last BIRTHDAY!

Richard

DEAR SISTER

I hope that my writing to you doesn't offend you, but I'm willing to do anything that is right in the sight of God to prolong the life of a man who is an apostle and prophet of God -- my father, Oral Roberts.

There was a time in my life when I rejected him...and God. Growing up as Oral Roberts' son was not easy.

I ran away from home determined to become a nightclub singer. But I came back -- back to God and back to my family. After going to Oral Roberts University, God called me into the ministry. Today I write you as a man of God who is anointed with a healing ministry and called to preach right alongside my dad. Side by side we're a one-two healing punch for God...and against the devil.

But only through our Partners like you, Sister Webb, have we been able to fulfill the visions God has given us. And because of your support, you have been an important part of fulfilling those visions with my dad and me. I know you've watched my dad over the years as I have. And we've seen his track record. When he says God speaks to him, he's not bluffing.

In fact, ever since he lay dying in the back seat of a car at the age of 17 on the way to a healing revival and God spoke to him and said, "Son, I'm going to heal you. And you're going to take My healing power to your generation," he has been doing just that...and still is...and wants to continue doing it. But he can't if God takes him home to heaven. And God is going to do exactly that, as He told my dad He would, if we do not get the Oral Roberts University medical school turned around by giving scholarships to the

Over

medical students so that the Missionary Healing Teams can take God's healing presence to the nations of the world.

TO BE ABLE TO DO THAT, WE MUST RAISE THE \$4,500,000 THAT MY DAD JUST WROTE TO YOU ABOUT.

And I'm here to tell you, Partner, MY DAD IS PREPARED TO DIE if he can't fulfill what God has told him to do. He told me that he does not want to live on this earth one day past the time his ministry is over. You see, he lives only to help people get their needs met. And if he can't do that, then he doesn't want to live here on this earth anymore. He's consumed with the vision God has given him. He lives it day and night.

Partner, we cannot let this man of God die. There is no reason for him to die. He's not sick...he's in good health... and he'll be 69 at the end of this month. He's asking God for 20 more years if the Lord tarries and I'm asking God for the same thing for my dad. Will you join me?

What I'm asking you to do is very scriptural. Remember in 2 Kings 20:1-6 when the Lord sent the prophet Isaiah to King Hezekiah to tell him to get his house in order because his time to die had come? But Hezekiah cried before God to live 15 more years, and God granted the desire of his heart.

Now I am asking you to join with me, Lindsay, my mother, and our entire family in believing for God to grant Oral Roberts 20 more years so he can fulfill the call of God on his life. Will you also agree with us that all our Partners will join together to raise the additional \$4,500,000 that's needed to get these Missionary Healing Teams going? Because without that, God will not extend Dad's life.

Birthday Card from you. Here is what I'd like you to do. As I said earlier, Dad's birthday is at the end of this month. I can't think of a better birthday present for him than to present him with birthday cards from all of his Partners saying they are supporting him and praying for his life to continue. Let him know that you don't want the Lord to take him home, that you believe God has called him to get the message of Jesus Christ into the nations through Medical Mission Teams, and that you want to be a part of it all on a regular basis.

Partner, I feel totally called by God to do this. I'm not just writing you as Richard Roberts, Oral Roberts' son.

I'm writing to you as an anointed servant of God -- doing what God has called me to do.

Don't you want your Birthday Card to be with me when I go to Dad on his birthday and say, "Dad, your Partners are standing with you in believing God for 20 more years to be added to your life. They love you and want to help."

He needs to hear those words so badly right now.

Now, please take the special Birthday Card I've enclosed especially for you and write any personal message you would like to Dad. Then RUSH IT TO ME TODAY. Remember, his birthday is the end of this month, so don't delay in sending your card.

And when you do, send any additional Seed-Faith gift God leads you to send for this ministry. Lindsay and I are sowing a special seed above and beyond our regular giving this month and we're slipping the check inside our birthday card to him. I know my dad well enough to know he would much rather receive a gift to help him fulfill God's call on his life than a personal gift for himself.

YOU
CAN
BE
BLESSED
ON YOUR
OWN
BIRTHDAY.

Now there is something else important I want to say to you. As you put your Seed-Faith gift in the birthday card, believe that God will multiply it back to you on your own birthday. And I will believe with you that He will give you your own birthday miracle on your special day. Now you must be EXPECTING it on your birthday. Don't forget...because God promises to give to us good measure, pressed down, shaken together, and running over (Luke 6:38).

Partner, we love you and are proud to have you standing with us. I know Dad will be happy to receive a birthday card from you. And I know he'll breathe a special prayer for you when he gets your card.

I hope to hear from you soon.

Richard
Roberts

P.S.

1. Remember Dad's birthday is soon so please send your Birthday Card with the gift God leads you to send today so I'll get it before we present the cards to him.

2 Be in prayer for God to extend Dad's life 20 years if the Lord tarries -- and for all our Partners to respond with a gift to help us raise the balance of \$4,500,000 to give scholarships to the medical students.

NOTE

(If you cannot give a gift at this time for some reason, please go ahead and send Dad this Birthday Card. I know he will want to see your name with our other Partners' names.)
